**EARLY START FOR GOOD CAUSE**—Dennis Briand, Philip McDonald and Jimmy Sayers of the Arlington Boys Club are already busy collecting scrap paper for the townwide collection which will be held Feb. 25 for the benefit of the Boys' Club.

## Newspaper Drive To Aid Boys Club

With a two-fold purpose, patriotism and fund raising, the Dads of the Arlington Boys' Club have launched an all out drive to secure support for their scrap paper collection on Sunday, Feb. 25.

Determined to continue their subsidization of the club's bowling program the Dads are asking the cooperation of all householders in Arlington. Pledge cards, asking residents to save their newspapers, magazines and cardboard, are being distributed throughout Arlington by the Dads and Boys' Club members.

\*The boys at the club are com-

peting with each other in securing scrap paper pledges. Prizes donated by the Dads cover a variety of Boys' Club emblems and pins.

All householders willing to help the Boys' Club continue its work are urged to contact the Arlington Boys' Club at 60 Pond Lane or call AR 5-1617 and a pledge card will be sent out immediately.

In the best response ever recorded here, 124 Arlington citizens each gave a pint of blood to the American Red Cross when the bloodmobile made its first 1951 visit here Monday.

Most of this sorely needed blood is expected to go to the Korean war front where it will be used to save the lives of young American boys fighting with the UN forces against Communist Chinese and North Koreans.

Mrs. Russell T. Hamlet, chairman of the Red Cross blood program in Arlington, was elated over the response to the appeal for donors and gave particular credit to the Arlington Rotary Club, the First Baptist Men's Class and the David Buttrick Company who sent large groups of donors to the receiving center set up at St. John's Episcopal Church. Of the 124 donors, 39 were so-called "walk-in" contributors, persons who had made no appointment in advance.

### Chief 20 Years

That Arlington town officials and employees will receive salary increases at the next annual town meeting in March seemed assured this week.

The NEWS learned that boards which have been studying the problem raised by the increased cost of living have already paved the way for favorable action. The Personnel Board, of which M. Norcross Stratton is chairman, has voted to recommend a 5 percent increase in all salaries and wages within the Pay Plan now in vogue in Arlington. If approved, this will mean a 5 percent permanent raise for all persons on the town payroll except a few whose present salaries are above the maximum already set.

### CLASS HEARS VETS' PLEAS

Recordings made at Murphy General Hospital by WEEL engineers, giving the impressions of wounded veterans of the Korean war were played at Sunday's meeting of the Baptist Men's Class.

The net result was that the class pledged to cooperate with a committee of members who will gather playing cards, radios, candy, etc., for distribution to these hospitalized veterans. Several members also responded to the appeal and went to the blood donor center in a body Monday night.

The records were played by William Rule, WEEL engineer and member of the men's class. The voices heard were those of Pfc. Robert L. Young of Portland and Cpl. John Donahue of Long Island, N. Y. "If the people at home will stop fooling around, we'll win. They should realize that this is war and not peace action. Let the people wake up; we can't win a war without all-out production," pleaded Pfc. Young. "Otherwise," he added, "the enemy will be in our backyard and it will be too late."

The recordings were first used on an Edwin R. Morrow broadcast. Rev. Nathan R. Wood, class teacher, also addressed the members. Visitors included Warren N. Lindberg, Jr., of the U. S. Navy.

## Storm

(Continued from Page One)

ing "rough" for churchgoers Sunday morning. Public works department snowplows were operated throughout the day, keeping main arteries open to travel, although streets in most sections were deep-drifted as the snow continued to pile up. Those motorists who ventured out with their cars proceeded cautiously, yet the storm claimed three deaths due to highway accidents in New England.

Truck and tractor plows were kept in operation throughout the day and into the night, and by Monday morning even private ways had been opened to travel following one of the best snow-plowing jobs ever noted here. Sidewalk tractor plows were also put into use and sidewalks were exceptionally well cleared soon after the storm had abated. The net result was that accidents locally were surprisingly few.

Then came sanding operations on Monday as the mercury dropped suddenly and made the plowed roadways treacherous. This type of work continued through Monday night as highway department snowplows "covered" the town's busy intersections and many streets on the hill.

What turned up as "old-fashioned" winter weather, temporarily at least, gave youngsters ideal conditions to enjoy both skating and coasting.

but decided to give their blood. Arlington residents assisting in receiving and processing the blood donations included Dr. Gordon Saunders and Dr. Richard Moran, Nurses Aides Mrs. Howard Cousins, Mrs. Clarence Hunter, Mrs. T. J. McCoubrey, Mrs. Arthur Sampson, Mrs. Harold M. Estabrook, Mrs. Raymond Morrill, Mrs. Gordon Williams, Mrs. Nelson Gray and Miss Nellie Thomas.

## Engaged

MISS ELEANOR LOUISE VIANO, daughter of Mr. and Mrs. Arthur F. Viano of Arlington and Nahant, whose engagement to Richard B. McManus, son of Mr. and Mrs. James B. McManus of Nahant, was announced at a tea on Saturday. Miss Viano attended Marycliff Academy, Cambridge Preparatory School, Georgian Court College and Kathleen Dell School. Mr. McManus, a Navy veteran, is completing his studies at Norwich University where he is a member of Phi Epsilon fraternity.

Mrs. Henry Lance, Mrs. Edward Glidden, motor corps. Mrs. Francis Chamberlain, Mrs. E. W. Erlanson, Mrs. Elizabeth Tripp, Mrs. Lillian Boyer and Mrs. Joseph King, canteen. Joseph King also gave valuable assistance throughout the bloodmobile's stay here, from 12 noon until after 7 p.m. The amount of blood collected would have been even higher but for the fact that several volunteers had to be turned down because of colds and other reasons. Mrs. Hamlet, in reporting the response, expressed her gratitude to all who cooperated.

The next visit of the bloodmobile in Arlington is scheduled for March 15.

## Raise

Since the salaries of school teachers are not included in the Pay Schedule, it is understood that the School Committee will recommend pay increases for the teachers as well.

In addition, the special town committee which has been studying the problem of providing a cost-of-living bonus for employees will recommend that the Town accept a bonus plan similar to the St. Paul Plan.

## VOLUNTEERS NEEDED

Every family in Arlington has already received in the mail a letter from the Board of Selectmen asking for volunteers for the Arlington Civil Defense organization.

With the appeal, a return postcard was enclosed. Since a start must be made somewhere, the plan was simply to have citizens fill out this card and mail it to the Civil Defense office, indicating their willingness to serve. Later on, it is the intention of the Civil Defense director to advise these volunteers of the various branches of Civil Defense so that the individuals might choose the branch best suited for them.

Unfortunately, the response has not been overwhelming. So that there may be no misunderstanding about it, Civil Defense is an organization that is being set up to save lives and administer to the injured in the event of enemy attack. No one knows whether Arlington will ever be bombed, of course. But, if it should be, one can readily understand that there would be less chaos if a strong Civil Defense were ready to go to work.

The responsibility rests upon everyone's shoulders. The mere appropriation of money is not the answer. Morale will be built up only if individuals participate in Civil Defense and feel that they have some duty to carry out in the event of attack.

Therefore, citizens are urged to fill out the reply cards and mail them immediately to the Civil Defense office.

## The NEWS OBSERVES

That contest for the three-year term on the Board of Selectmen should really be something, with several strong candidates in the race. If all remain in the fight, voters will have a difficult job to choose the man they like best. It's a very healthy condition; we're pleased to see that the office is being contested.

The same goes for the Board of Public Works contest. And, in this case don't be surprised to see young "Mr. M" take out nomination papers at the State House and file them here at the last minute.

With the market for scrap newspapers again favorable, paper collections are springing up everywhere, and all are for worthy causes. If you have any scrap paper in the cellar there are several opportunities to get rid of it; just read the news columns. One of the local collections will be for the Arlington Boys' Club.

In endorsing this particular collection of waste paper, Chief of Police Archie F. Bullock points out that householders who bundle their papers and give them to the Boys' Club on Feb. 25 will serve two worthy causes, the armament program and the Boys' Club program for the youth of Arlington, regardless of race, creed or color.

Speaking of youth programs. With all the time and effort given by adults to teach and guide our young people we can't understand why Arlington should have to put up with bullies who make life miserable for small children. At a meeting Tuesday night two parents bemoaned the fact that older boys seemed to derive pleasure in interfering with small children coasting at Robbins Farm playground.

These parents seemed perfectly resigned to accept this as a nuisance with which they must put up. We don't agree. We think both the police and park department should round up these wise guys immediately. There's no reason why youngsters can't go about their business coasting without having bullets jump on them and possibly break their backs. Let's get on the ball and do something about it.

Communicable diseases during 1950 dropped to the lowest level in Massachusetts since 1916. Director Roy F. Peamster of the division of communicable diseases of the State Department of Public Health reported yesterday.

"This near record low figure," however, explained Dr. Peamster, "is mostly due to the fact that some of the uncontrollable highly contagious diseases, such as measles and chicken pox, happened to be at a low level during the year." A total of 69,000 cases of communicable disease occurred during 1950, dropping sharply from the 96,000 cases reported in 1949 and 105,000 cases in 1948.

## RECENT MARRIAGES

MR. AND MRS. WILLIAM RAE POLK

(Photo by Ernest Benshimol, Jr.)

### Polk-Coolidge

At a candlelight ceremony in the Wellesley College Chapel on Friday afternoon, Dec. 15, Miss Joan Coolidge, daughter of Mr. and Mrs. Walter S. Coolidge of Arlington, became the bride of William Rae Polk, son of Mr. Adelaide Roe Polk of Fort Worth, Tex., and Phoenix, Ariz. Rev. John Nicol Mark officiated and a reception followed in Munger Hall, Wellesley College.

Given in marriage by her father, the bride wore the same rose point lace bridal veil and ivory satin wedding gown with yoke of princess lace that had been worn by many of the brides in the Polk family.

White heather, age-old Scottish symbol of happiness and good fortune, and white snapdragons were carried by the bride.

The maid of honor, Miss Sally Coolidge, sister of the bride and a student at Jackson College, wore an off-shoulder ballerina length tulle dress of Christmas green. It was caught at the shoulder and waist by sequined butterflies.

The bridesmaids, Miss Caroline Bailey, a Wellesley College classmate, and Miss Lorna Doherty, cousin of the bride and a student at Colby Junior College, were similarly gowned. All carried bouquets of Christmas holly caught with red satin ribbons.

Marcia Fuller and David Coolidge, brother of the bride, were ring bearers.

William A. Price, cousin of the bridegroom, of New York City, was best man. The ushers were Scott Coolidge of Arlington, brother of the bride; Cooper Blakenship of Texarkana, Tex.; Max Kemper of New York City; Philip Jessup of Washington, D. C., son of Ambassador Jessup; and Andrew Norman of New York City.

Decorations in both the chapel and at the reception carried out the Christmas motif, with greens, berries, holly and red and white poinsettias.

Out-of-town guests included Mrs. Rea Polk of Athens, Greece, widow of George Polk, former news commentator with CBS and brother of the bridegroom; and Mrs. William Fuller, and daughter, Marcia, sister and niece of the bridegroom, of Fort Worth, Tex.

The bride is a junior at Wellesley College, and the bridegroom is a senior at Harvard University. For the remainder of the year, the couple's address will be at 472 Broadway, Cambridge.

## The New Plymouth Cranbrook Four-Door Sedan

Featuring improvements which produce unprecedented roadability and riding qualities, the beautifully redesigned 1951 line of Plymouth cars have numerous mechanical improvements and have retained their traditional roominess. Shown above is Plymouth's Four-door Cranbrook sedan.

## The New 1951 Plymouth Combines Beauty and Driving Ease

**SPECTACULAR** new qualities which produce driving and riding ease heretofore unknown in automobiles of any price feature the new line of Plymouth cars. Combining smart new body lines with unprecedented interior luxury, the new Plymouth will go on display in dealer showrooms throughout the United States Saturday, Jan. 13.

Designers have given the Plymouth a striking new silhouette, and refinements in the interior are innovations in the lowest-price field. The styling improvements retain the traditional roominess of the cars.

**EASIER TO DRIVE** and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

**THE NEW "SAFETY-FLOW RIDE"** takes the bounce and wallop out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a softer ride when driving on average roads. It also exerts extra resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomfort of being jolted around.

**ALL PLYMOUTH ENGINES** now have a built-in by-pass cooling system permitting water circulation and resulting in more uniform temperature throughout the engine during the warm-up period. The new system consists of a passage in the cylinder head and block providing direct access to the water pump, and a choke-type thermostat to regulate coolant flow to the radiator.

**THERE ARE NINE BODY TYPES** in the new Plymouth line: the Concord series includes a two-door sedan and a three passenger coupe as well as the two all-metal utility models, the Suburban and the Savoy; the Cambridge series has a four-door sedan and a club coupe; and the Cranbrook series includes a four-door sedan, a club coupe, and a convertible club coupe. The Suburban and the Savoy, with their smart, distinctive lines are all-purpose vehicles.

**THE NEW PLYMOUTH INTERIORS** offer the finest selection of upholstery and trim and the most harmonious color. **"HIGH-PRICED CAR" FEATURES** which are retained are six-cylinder, 97-horsepower engine with a 7 to 1 compression ratio, the combination ignition and starter switch, automatic electric choke, supercushion tires, safe-guard hydraulic brakes, and safety-rim wheels.

## St. John's Church To Mark 75th Year

St. John's Episcopal Church is planning appropriate observance of the 75th anniversary of its organization. The first Episcopal services in Arlington were held in October, 1875 in the old Town Hall and a few weeks later were transferred to Menotomy Hall which was on the site of the present Town Hall. A temporary organization of St. John's Mission was formed, but on Jan. 19, 1876 "The Parish of St. John's Church" was legally organized.

A program of events is planned for this Diamond Jubilee, beginning with a special service Sunday morning, Jan. 14 when the rector, Rev. Halsey I. Andrews, will preach an anniversary sermon. Monday is the annual parish meeting, preceded by a Swedish supper served to members of St. John's by the ladies of Trinity Lutheran Church of Arlington. Wednesday, the St. John's Women's Guild will hold a morning coffee from 10 to 12 o'clock. Friday evening, Jan. 19, the anniversary date, there will be a parish reunion to which all present and past members of the parish are invited. Saturday, the younger members of the parish will have a jubilee ball and the observance will close Sunday morning, Jan. 21 when Rev. Norman B. Nash, bishop of Massachusetts, will be the preacher. At this service a memorial window will be dedicated. This window is in memory of the late Arthur Birch and is the gift of Mrs. Birch.

During the eight days of the anniversary celebration there will be an exhibit of old pictures, records, Bibles and other books and articles connected with the life of the parish.

## Rep. Keenan Outlines Legislation Before Mysticside Association

Representative Henry E. Keenan was the guest speaker at the annual meeting of the Mysticside Improvement Association Saturday evening.

He was introduced to the members of the Association by Archie Lovey, an active member of this organization and a former member of the Town Finance Committee.

Representative Keenan discussed several matters coming before the current session of the Legislature affecting traffic and improvements in the town of Arlington. He outlined the purpose of the speedy completion of new Route 128 to Metropolitan Boston. Some of Arlington's congestion will be cleared up, he said, as soon as Route 128 is opened to the general public. He outlined plans for the construction of Route 3 from outside of Lowell to the new Route 128. This roadway will take considerable traffic off of the present Route 3 which now passes through Arlington over Mystic st., out of Arlington Center. He touched also upon the need for legislation that was filed by him last term and filed by him again this term, calling for the extension of the Cambridge subway from Harvard square underground to Porter square and overground to a terminal to be built on the Metropolitan District Commission land just off the Concord Turnpike in North Cambridge, in the vicinity of the Bowlerdome near the Arlington-Cambridge line.

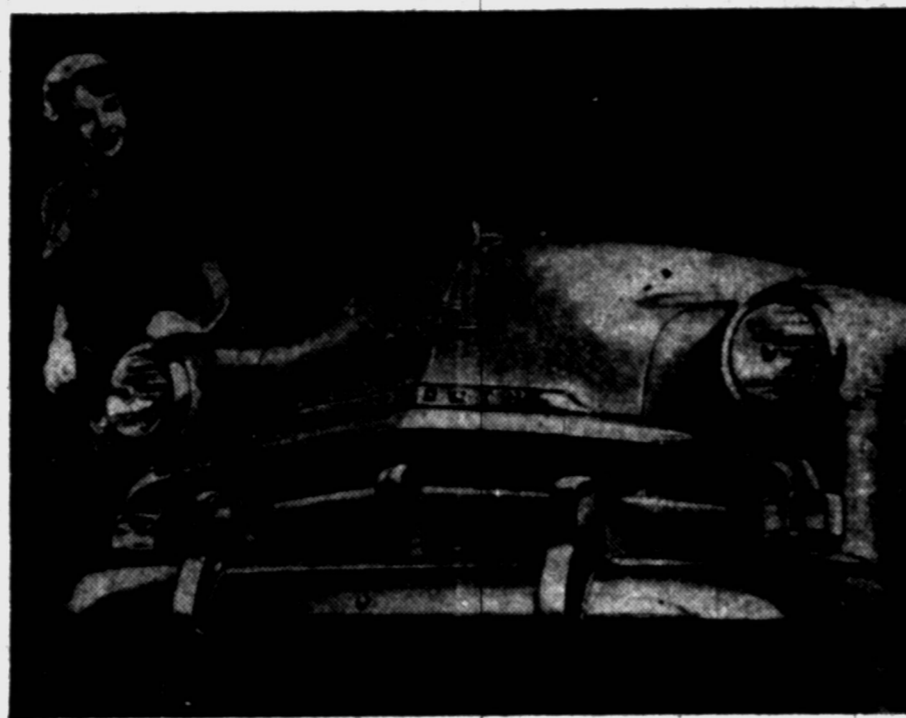

He contended that this extension will make it possible to open up Massachusetts ave. from the Lexington line to Harvard square as a broad highway to relieve traffic congestion all along Massachusetts ave. and eliminate the dangerous safety islands on the avenue.

This would remove street cars from the avenue, cutting down noise and congestion and would increase real estate values along the whole of Massachusetts ave. from Lexington to Harvard sq., increasing the value of this whole area as a shopping and business avenue. Buses running from the proposed terminal would better serve the commuters of this whole area and give quicker and safer service than that which the present system offers the public.

He again expressed opposition to the Arlington Center Plan until new Route 128 is open and other methods of diverting through traffic around Arlington are given a fair trial before embarking upon an expensive program of land takings to build new streets.

Representative Keenan also explained his bill on Temporary Minor Repairs, that was enacted into permissive legislation and will be acted upon by this town in the coming March meeting.

## New Plymouth Beautifully Styled

There are beautiful new lines in the new 1951 Plymouth cars. The cars feature unprecedented roadability and riding qualities, and numerous mechanical improvements. The new models will be shown here for the first time on Saturday at O'Connor Motors, Reed Motors and Twombly Motors.

## Arlington Garden Club Study Group Popular

The monthly meetings of the Study Group of the Arlington Garden Club are gaining in popularity, judging by the large attendance last Wednesday afternoon at the Library Hall.

The first speaker, Mrs. Frederick O. Johnson, charter member and well known authority on horticulture, gave much valuable information, as she outlined in detail all the basic principles necessary in planning and planting successful gardens.

Mrs. John B. Proudfoot demonstrated dried arrangements and gave an interesting talk on gathering and drying plant material for winter arrangements. Mrs. Proudfoot has won many blue-ribbon awards for flower arrangements which she has exhibited at flower shows.

Mrs. Francis J. Davidson, general chairman of this group, announced plans for the next meeting which will include a talk on "Pruning" by Mrs. O. Walter Swensen, "Spraying" by Mrs. G. William Anderson and "Suggestions for Planting Shrubs and Plants for Use in Flower Arrangements" by Mrs. Leroy G. Shaw.

## McKeever Candidate For Housing Board

William J. McKeever, Veterans' Administration executive and past commander of Arlington American Legion Post, this week took out nomination papers for the Veterans' Housing Authority vacancy created by the resignation of Harold Magnuson, town moderator. The unexpired term which runs until 1953 will be filled at the town election in March.

Mr. McKeever has broad experience in the field of public housing having worked in various districts throughout the state, advancing to supervisor of the Lawrence district of the Home Owners' Loan Corporation where he supervised 2200 accounts with a monthly billing of \$60,000.00 and a personnel of four field representatives and three clerks.

As a result of Mr. McKeever's activity with this government sponsored aid-to-home-owners, he has gained a vast knowledge of every phase of the mortgage banking business, familiarity with real estate and rental values, building construction, and relative material costs, the ability to appraise real property values, the ability to recommend repairs and renovations that protect the owner and the occupant, a knowledge of tax laws, and a clear understanding of the economic forces that influence real property.

As Veterans' Administrator for the Cambridge Area, Mr. McKeever has already helped rehabilitate a large number of Arlington veterans. Because of his service to the town as Legion Commander and his activity in other service and civic organizations, many observers believe Mr. McKeever will be unopposed for the Housing post.

THERE ARE NO DOUBLE JOINTED PEOPLE

There Is No City in California Named Hollywood

Although more than a dozen states have towns named Hollywood, there is now no town or city in California bearing that name. The former California town of that name was legally annexed by Los Angeles in 1910 and its post office is an independent station of the Los Angeles office. "Uncommon Knowledge"—Geo. W. Stimpson.

## Orange Grove Goodness

Running out of dessert ideas? Here's one that promises to please the whole family. Dorothy Muriel's Orange Chiffon Pie — made with pure orange juice and fresh orange gratings to give it that fresh-from-the-grove flavor. Egg yolks are added to make the custard filling rich and creamy. Then fluffy egg

whites are folded in and the filling is ready for the delicately-browned and tender crust. The final touch comes later — just before the pies leave the bakery. Not until then are these Orange Chiffon Pies topped with fresh whipped cream. What a delight! You'll agree — when you serve it tonight.
